

La Cinzia S.R.L. nasce nel 2014 nel centro calzaturiero di Montegranaro, un paesino marchigiano in provincia di Fermo.

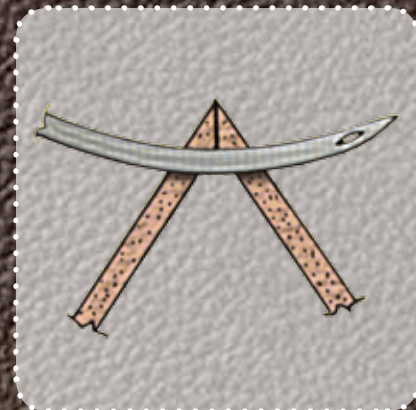

Si occupa prevalentemente di costruzioni e lavorazioni innovative (ad oggi anche ecologiche) della calzatura e di cuciture particolari conto terzi.

Erede di tradizioni che travalicano da generazioni, la Cinzia S.R.L. è figlia di attività artigiane nate già nei primi anni '80.

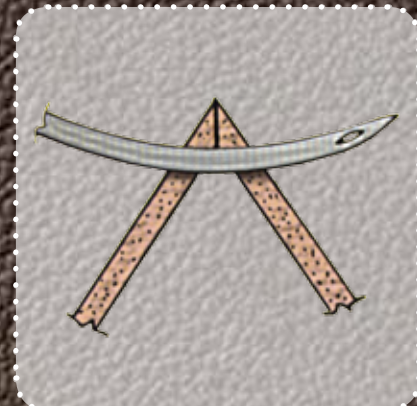

Ad oggi, grazie all'esperienza accumulata negli anni, alla costante ricerca nell'innovazione e la visione futuristica, rappresenta una tra le prime realtà italiane a possedere nuove tecnologie e un know-how tale da poter garantire la realizzazioni di prodotti di alta qualità e innovazione ed offrire garanzie di competenza ed affidabilità.
